

# Sol+Luna

© Design by Dirk Wynants for Extremis, 2016

Sunbathe during the day, lounge with friends by night. Take it easy in our Sol+Luna sunbed, which transforms into a comfortable sofa at sunset. The optional sun shade changes into a full moon every night...

All our designs are original creations and protected by intellectual property rights.

## Extremis

On this cozy poolside terrace, Sol+Luna proves its versatility. It's a sunbed for soaking up sunrays with the bolster pillow set cradling your head. But it's also a comfy sofa perfect for diving into a good book.

Watch the night fall under  
the full moonlight.

## Sol+Luna

Sink into the comforts of the Sol+Luna sofa for a few hours. Hugged by the Marble cushions on the softly colored Earth frame, you'll never want to get up again.

## Extremis

→  
Attach the compact  
shade and create shade  
wherever you want.

↑  
Transform the sunbed into a  
comfortable outdoor lounge  
sofa by adding some some  
cushions.

## Sol+Luna

Sun, sea, lounge, and fun.  
With Sol+Luna, you have  
a soft sofa and a perfect  
sunbed all in one, and with  
the optional wheels, you  
can follow the sun each  
moment of the day.

## Extremis

Having friends over for the day is wonderful, but oh so exhausting... Time for a nap! Sol+Luna easily shifts from sofa to sunbed and vice versa, and thanks to the compact sunshade, you won't burn up while you nap away.

# Sol+Luna

It's not a sunbed, it's not a sofa, it's both. Transform the sunbed into a comfortable outdoor lounge sofa by adding some comfort cushions. This multifunctionality makes Sol+Luna

the perfect space-saving solution for balconies or patios. Accessories can be used to create shade, add lighting and provide surfaces for drinks.

### NEN-EN13501-1 A1

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

### NEN-EN13501-1 A2-s1

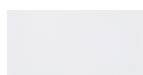

Satisfying the same criteria as class B for the SBI-test according to EN 13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth

## Good to know

- Double function: day bed for 1 and night sofa for 3.

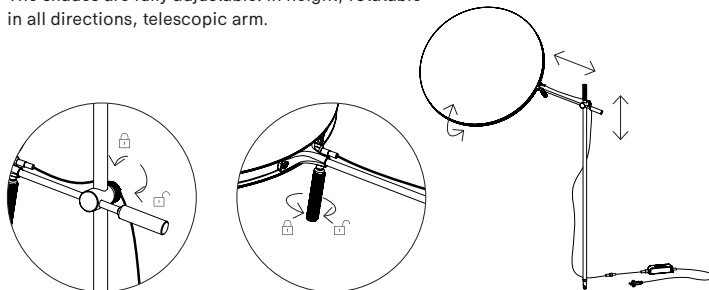

- Sol+Luna had an optional cover.
- The parasol cover is included.
- Sol+Luna has been tested & approved by an independent lab according to the European Standard EN581: outdoor furniture, contract use.
- The connection cable from the light to the driver is 3M.
- 5 different positions:

## How to use the shade

The shades are fully adjustable: in height, rotatable in all directions, telescopic arm.

## Maintenance

[www.extremis.com/maintenance](http://www.extremis.com/maintenance)

### POWDER COATED PARTS

- Use Extremis multi cleaner, a 100% biodegradable detergent or common kitchen cleaning products. Avoid using aggressive products. These surfaces are best cleaned with a neutral cleaning product diluted in water.

### SUNBRELLA

- Shake or brush off loose dirt immediately.
- Spray Extremis multi cleaner.
- Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.
- It's also possible to put the cushion covers in a washing machine (max 40°C). Follow the cleaning instruction on the label.

### PARASOL FABRIC

- Shake or brush off loose dirt immediately.
- Spray Extremis multi cleaner.
- Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.

### STAINLESS STEEL

- Clean regularly with a dry cloth and some stainless steel cleaner

## F.A.Q.

Q: Can I alter the side of the backrest after assembly?

A: No, but you can choose the side at which the backrest has to be placed while assembling. The place can be changed afterwards, but you'll need tools for that.

Q: Can the cushions stay outside?

A: Yes, but we recommend to store the cushions inside when not used.

Q: Can the parasol stay outdoors?

A: Yes, but we recommend to use a parasol cover.

Q: Do you need to use a parasol cover?

A: Using a cover is strongly recommended for use in most climates around the world. Protect your parasol from polluted rain, bird droppings, dust and heavy winds to avoid marks or stains on the parasol fabric.

## Warnings

### General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step.
- Do not put out cigarettes on the (sofa) sunbed.
- Not graffiti proof.
- Do not leave children unattended whilst playing on the (sofa) sunbed.
- To avoid danger of suffocation, keep plastic bags away from babies and children.
- Colors can differ over years and from batch to batch.

### Product

- Stackable up to 5 pieces.
- Always stack Sol+Luna with 2 people.
- The cushions can stay outside, but we recommend to store the cushions inside when not used.
- It is not necessary to cover the caps on the legs, but we recommend to use them in case the holes are not used for accessories.
- Do not put your fingers in the holes for accessories.
- Do not sit on the tapa table, linking table or backrest.
- Only use Extremis accessories on Sol+Luna.
- Children must not be allowed to adjust the position of the head rest.
- Adjust the position of the head rest with care, to avoid getting your fingers trapped in the hinge system.
- Sitting on the head rest is only possible when it is at

its lowest setting (i.e. perfectly horizontal).

- Do not put anything except Extremis accessories in the holes provided for that purpose: no fingers, chewing gum, cigarette butts etc.
- Do not stand or jump on the Sol+Luna.
- Max. 4 people or 320 kg on the sunbed.

### Powder coating

- White powder coating requires more maintenance.
- Do not use abrasive scouring powders or scourers as they will scratch the surface.
- Color can fade to some extent when exposed to UV.
- Flame retarding - NEN-EN13501-1 A2-sl - Satisfying the same criteria as Class B for the SBI-test according to EN13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth.
- Dark colors can get very hot in sunny weather.

### Batyliné

- Shake or brush off loose dirt immediately.
- Never use abrasive substances or solvents.
- Simply allow to dry.
- Very good UV color fastness: Elab < 3 UVA 340 / 2000h.
- Flame retarding: M2 x B1.
- Jeans can leave dye marks on white Batyliné, just as they can on other seating fabrics.

### Sunbrella

- Not waterproof, store inside!
- Shake or brush off loose dirt immediately.
- UV color fastness: 7/8 (ISO 105-B02).

### HPL

- UV color fastness: >6 (EN438-2:27) en (ASTM G53-91)

### High-tech polyester

- Shake or brush off loose dirt immediately.
- Do not use any aggressive detergents as they will remove the protective coating of the fabric.
- We strongly advise you not to use a high-pressure hose for cleaning.

### Stainless steel

- Very good UV color fastness.
- Flame retarding: NEN-EN13501-1 A1 - Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.
- Watch out, stainless steel isn't entirely rustproof! Be sure to avoid contact with iron objects. If it does show signs of rust, clean with rust remover as quickly as possible.
