

Virus

© Design by Dirk Wynants for Extremis, 2016

Virus, a playful picnic table for 3/4/5 people, brings life, a smile and dynamism to even the most sterile areas. For every kind of gathering and every room there is an ideal Virus-table. Togetherness everywhere!

In combination with the
Acacia shade.

Virus

Merging with every garden
and guest.

Virus

Vibrant Virus tables brighten the front terrace of this shopping mall in Craiova, Romania, offering visitors a welcoming spot to unwind with a drink.

←

Yellow Virus tables welcome students at the entrance of student residence Hult House, designed by EF Architecture & Design in Boston, USA.

→

The compact Virus is ideal for a small balcony or patio.

Virus

Virus is a picnic table in various guises. Different versions based on an identical seating frame for three to five people. This is a fun way of filling a space with a mixture of small to medium-sized

seating sets without losing uniformity. The compact design responds to the trend for smaller living spaces, offering a solution that enables you to use our tools on balconies and in urban gardens.

NEN-EN13501-1 A1

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

NEN-EN13501-1 A2-s1

Satisfying the same criteria as class B for the SBI-test according to EN 13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth

Good to know

- Acquiring a Virus table is space saving. Virus requires only the exact space that is needed for a company of 3, 4 or 5 people. The identical seating frame is configured around a tabletop that fits exactly what you need for a simple lunch or breakfast. Nothing more, nothing less.
- There is a version with a flat tabletop and a version with drainage holes & parasol hole of ø38 mm.
- Virus combines perfectly with Acacia or Inumbrina medium (only with parasol foot).

- Stacking spacer (& purse hanger) included.
- Our Virus picnic tables are stackable up to 3 high. Stack them with equal number of seats. A 3-seater needs three pieces, a 4-seater needs four pieces, and so on.

Maintenance

www.extremis.com/maintenance

POWDER COATED PARTS

- Use Extremis multi cleaner, a 100% biodegradable detergent or common kitchen cleaning products. Avoid using aggressive products. These surfaces are best cleaned with a neutral cleaning product diluted in water.

SUNBRELLA

- Shake or brush off loose dirt immediately.
- Spray Extremis Multi Cleaner.
- Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.

F.A.Q.

Q: Is it possible to stack the table?

A: It is possible. You can stack Virus up to 3 pieces with equal number of seats. To avoid damage, use blankets.

Q: Why are the seats hollow?

A: For comfort reason and water drainage.

Fun fact

The holes in the tabletop are a pattern of stars in the galaxy M101 (Pinwheel Galaxy).

Warnings

General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step.
- Do not put out cigarettes on the table.
- Not graffiti proof.
- Do not leave children unattended whilst playing on the table.
- To avoid danger of suffocation, keep plastic bags away from babies and children.
- Colors can differ over years and from batch to batch.

Product

- Do not stand or jump on the table.
- Do not drag the table, but carry it with minimum 2

people.

- Anchoring the product has to be done by qualified people.
- For anchoring: use suitable bolts or screws from a specialized store depending on the material your terrace is made of.
- Stackable up to 3 pieces and protect with blankets.
- Always stack the tables with 2 people.
- Do not sit on the tabletop.
- Max. 1 person or 120 kg per seat.

Powder coating

- White powder coating requires more maintenance.
- Do not use abrasive scouring powders or scourers as they will scratch the surface.
- Color can fade to some extent when exposed to UV.

- Flame retarding - NEN-EN13501-1 A2-sl - Satisfying the same criteria as Class B for the SBI-test according to EN13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth.
- Dark colors can get very hot in sunny weather.

Sunbrella

- Not waterproof, store inside!
- Shake or brush off loose dirt immediately.
- UV color fastness: 7/8 (ISO 105-B02).
