Baraonda bancone luminoso e Display retrobanco luminoso
Baraonda light counter and Display light back-counter

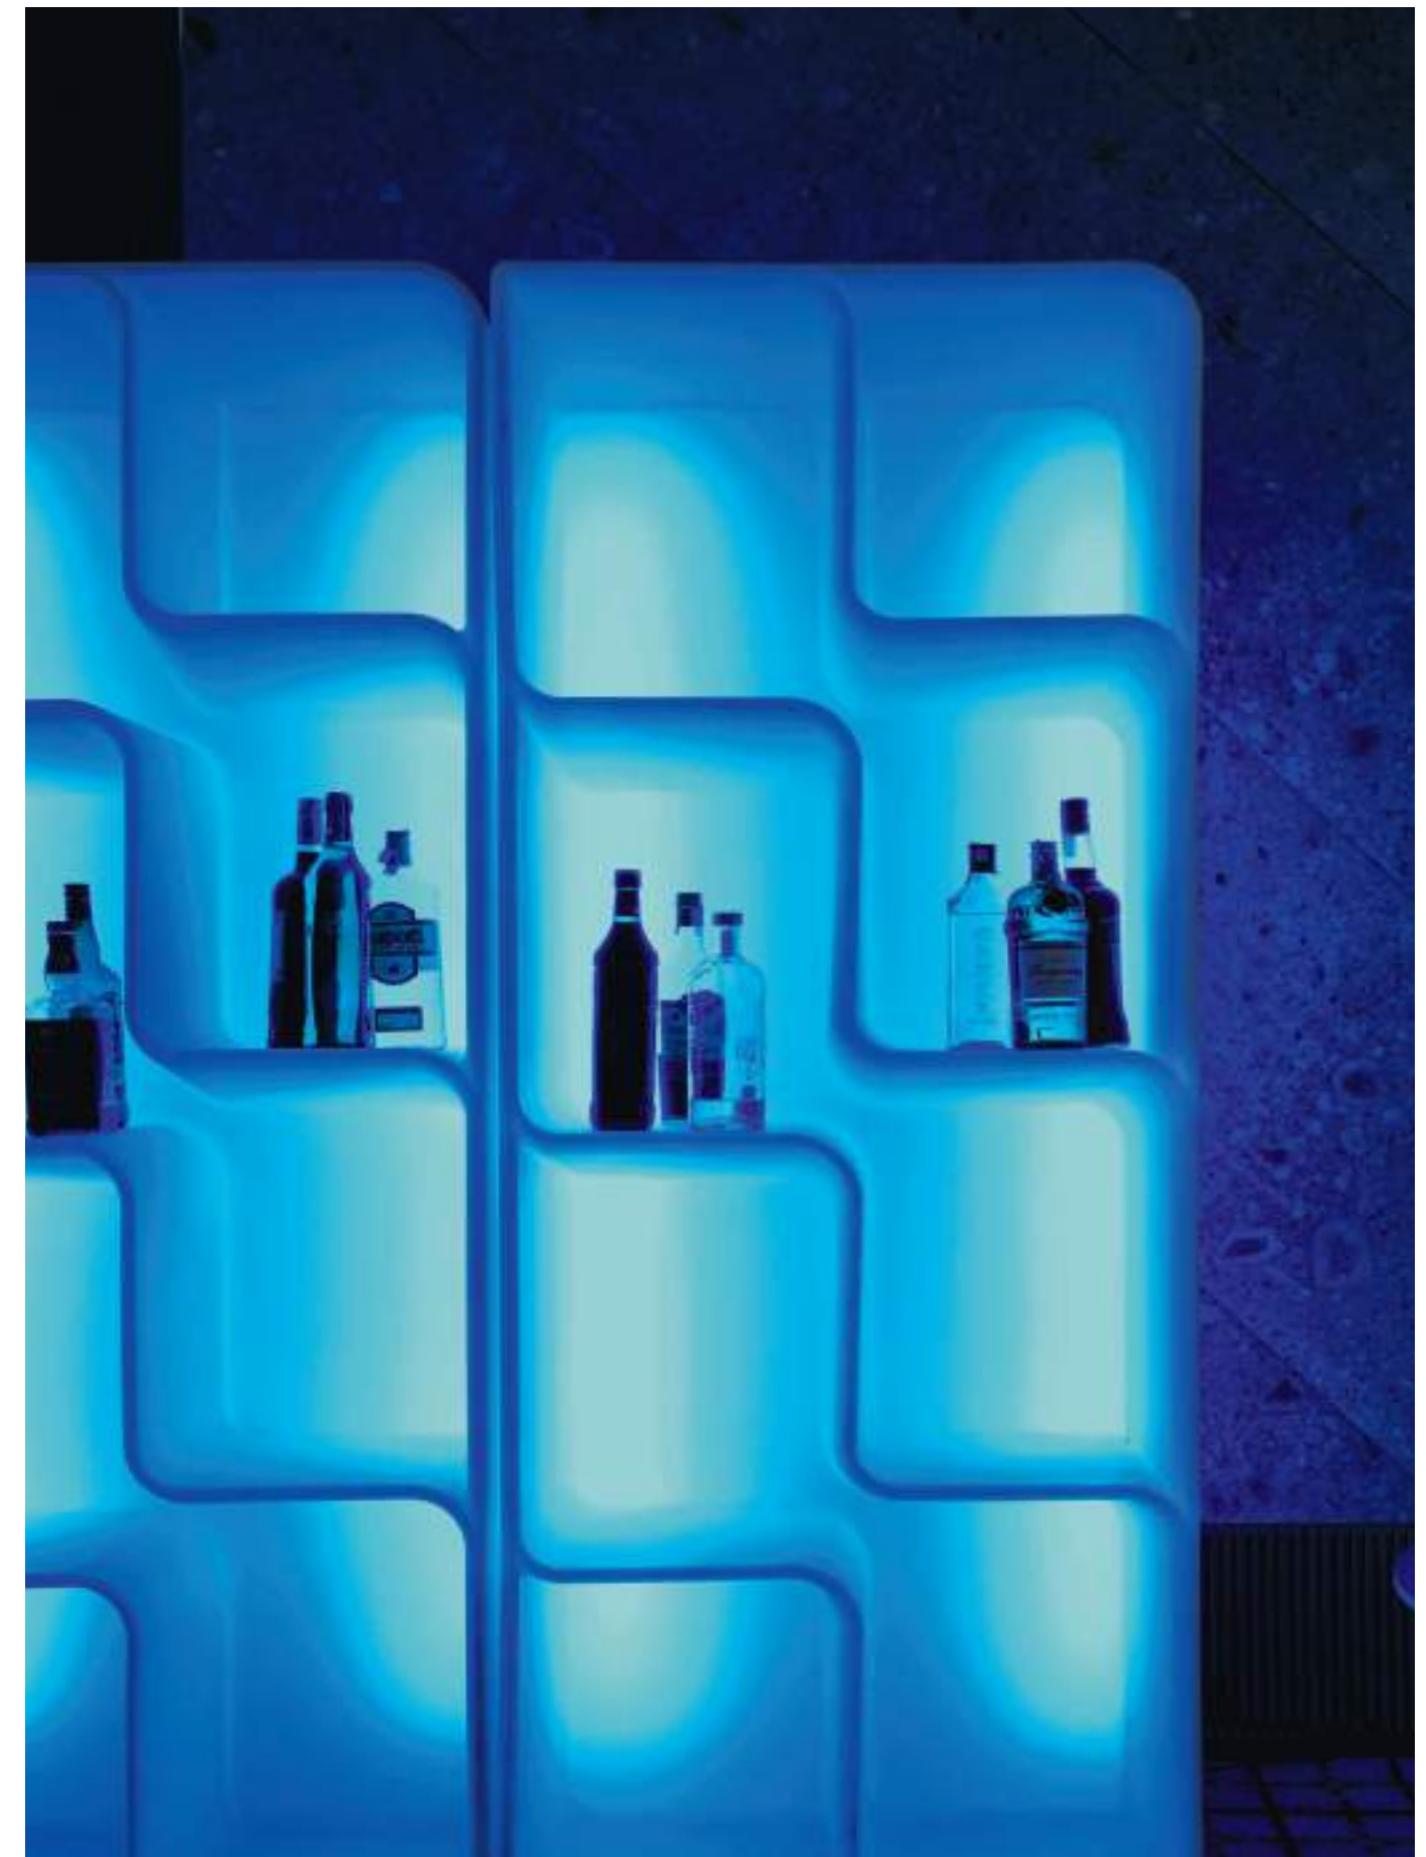

Baraonda

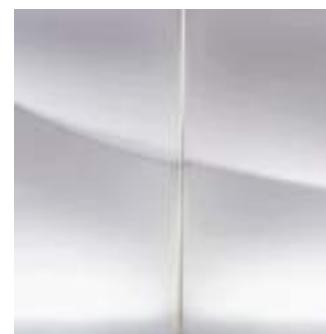

L'idea da cui nasce Baraonda di MY YOUR è un'onda sinuosa che avvolge un bancone e che si compone liberamente in svariati multipli e colori. In versione luminosa e non, trasportabile ovunque, facilmente richiudibile e stoccabile, Baraonda nel corso del tempo è diventato un'icona estetica e funzionale nel suo target di riferimento. La grande ed elegante personalità fanno di Baraonda un elemento di design unico e personalizzabile in grado di accendere le infinite sfumature della festa. La funzionalità di Baraonda viene implementata dal retrobanco Display, anch'esso illuminabile, per l'appoggio di bottiglie e materiali d'utilizzo.

The MY YOUR's Baraonda concept is a sinuous wave that wraps around a counter and is freely composed by several multiples and colors. In the luminous and not version, transportable everywhere, easily resealable and storable, Baraonda over time has become an aesthetic and functional icon in its target audience.

The great and elegant personality make Baraonda a unique and customizable design element able to turn on the endless party shades. The Baraonda functionality is implemented by the Display back counter, which can also be illuminated, to support bottles and materials.

Baraonda

Baraonda di MY YOUR è un'onda sinuosa che si trasforma in un bancone iconico e caratterizzante. In versione luminosa e non, trasportabile ovunque, facilmente richiudibile e stoccatile, Baraonda si adatta a molteplici utilizzi. L'eleganza avvolgente del design fa di Baraonda un elemento funzionale personalizzabile in grado di illuminare con infinite sfumature qualsiasi evento degno di nota. La funzionalità di Baraonda viene implementata dal modulo retrobanco Display, anch'esso illuminabile.

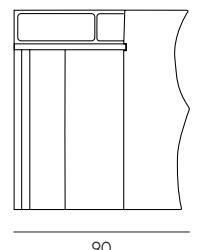

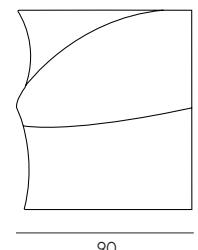

Baraonda by MY YOUR is a sinuous wave that transforms into an iconic and characterizing counter. Luminous or not, transportable anywhere, easily resealable and storables, Baraonda is suitable for multiple uses.

The enveloping elegance of the design makes Baraonda a customizable functional element able to light up with infinite shades any event worthy of note. The Baraonda functionality is implemented by the Display back counter element, which can also be luminous.
