

GEM

Design by Paolo Cappello

Gem vaso M, Gem fioriera/ ice-box
Gem M pot, Gem planter/ ice-box

Gem

I vasi Gem, disegnati da Paolo Cappello per MY YOUR, si ispirano al taglio delle pietre preziose. Questo elemento di design caratterizza tutti i modelli proposti che, come monoliti minimali e raffinati, diventano protagonisti funzionali dello spazio in cui si trovano. Realizzati in Poleasy® in tre formati, se appaiati, possono creare un infinito divisorio o un cinto perimetrale con differenti possibilità di composizione. Disponibili anche in versione luminosa e nella finitura Velvet, i vasi Gem sono testati per resistere ai raggi UV e agli agenti atmosferici.

The Gem vases, designed by Paolo Cappello for MY YOUR, are inspired by the cut of precious stones. This design element characterizes all the proposed models that, like minimal and refined monoliths, become space functional protagonists in which they are located. Made of Poleasy®, in three sizes, if paired, they can create an infinite partition or perimeter belt with different possibilities of composition. Also available in a light version and in the Velvet finishing, Gem vases are tested to withstand UV rays and weathering.

Gem

Vasi scolpiti come un taglio di pietre preziose. La collezione Gem, di Paolo Cappello per MY YOUR, è proprio questo. Come monoliti raffinati in tre misure, i vasi Gem diventano protagonisti multifunzionali dello spazio poichè possono sia decorarlo, sia perimetrarlo o entrambe le cose. Appaiandosi, infatti, i tre formati possono comporre con differenti possibilità un divisorio o un cinto perimetrale. Disponibili anche in versione luminosa e con fioriera ad uso ice-box. Realizzati in Poleasy®, riciclabili al 100%, si puliscono facilmente e resistono nel tempo agli agenti atmosferici.

Carved vases like a cut of precious stones. The Gem collection, by Paolo Cappello for MY YOUR, is just that. As refined monoliths in three sizes, they are multifunctional protagonists of the space as they can either decorate it, or perimeter it or both. By matching, in fact, the three sizes can compose a partition or a perimeter belt with different possibilities. Also available in luminous version and with planter for ice-box use. Made of 100% recyclable Poleasy®, they are easy to clean and weather resistant.
